

Visits and Outings

EYFS: 3.65, 3.66

At Poulton St Chad's Nursery we offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We seek parents' permission, via registration process and annual checks, for children to be included in such outings.

Procedures

Visits and outings are carefully planned using the following guidelines, whatever the length or destination of the visit:

- A pre-visit checklist, full risk assessment and outings plan will always be carried out by a senior member of staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. We will endeavour to visit the venue prior to the visit. This will ensure that the chosen venue is appropriate for the age, stage and development of the children. Please see Appendix S - Outings and Trips Risk Assessment
- Written permission will be obtained, via the registration process, from parents before taking children on local trips. For trips further field additional parental consent will be obtained.
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- All staff will be easily recognisable by other members of the group; they will wear the nursery uniform
- Children will be easily identified by staff when on a trip by use of a sticker system and high vis jackets.
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents and the manager being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.

Poulton St Chad's Nursery

Risk assessment/outings plan

The full risk assessment and outing plan will be completed prior to departure and will be signed off by the manager or a member of the senior management team. This plan will include details of:

- The name of the designated person in charge - the outing leader
- The name of the place where the visit will take place
- The estimated time of departure and arrival
- The number of children, age range of children, the ratio of staff to children, children's individual needs and the group size
- The equipment needed for the trip, i.e. first aid kit, mobile phone, coats, safety reins, pushchairs, rucksack, packed lunch etc.
- Staff contact numbers
- Method of transportation and travel arrangements (including the route)
- Financial arrangements
- Emergency procedures
- The name of the designated first aider and the first aid provision
- Links to the child's learning and development needs.

Use of vehicles for outings

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned
- All vehicles used in transporting children are properly licensed, inspected and maintained
- Drivers of vehicles are adequately insured
- All vehicles used are fitted to the supplier's instructions with sufficient numbers of safety restraints appropriate to the age/weight of the children carried in the vehicle. Any mini buses/coaches are fitted with 3-point seat belts
- When we use a mini bus, we check that the driver is over 21 years of age and holds a Passenger Carrying Vehicle (PCV) driving licence. This entitles the driver to transport up to 16 passengers
- When children are being transported, we maintain ratios.

When planning a trip or outing using vehicles, records of vehicles and drivers including licenses, MOT certificates and business use insurance are checked. If a vehicle is used for outings the following procedures will be followed:

- Ensure seat belts, child seats and booster seats are used
- Ensure the maximum seating is not exceeded
- All children will be accompanied by a registered member of staff
- No child will be left in a vehicle unattended
- Extra care will be taken when getting into or out of a vehicle

Poulton St Chad's Nursery

- The vehicle will be equipped with a fire extinguisher and emergency kit containing warning triangle, torch, blankets, wheel changing equipment etc.

Lost children on Outing

At Poulton St Chad's Nursery we are committed to promoting children's safety and welfare. This includes where children are on outings and visits. We carry out regular head counts of children throughout any outing or visit. In the unlikely event of a child going missing whilst on an outing we have the following procedure which we implement immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The organiser will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate thorough search of the area, ensuring that all other children remain supervised, calm and supported throughout
- If appropriate, on-site security will also be informed and a description given
- The designated person in charge will immediately inform the police
- The designated person in charge will then inform the nursery and also the registered owner who will contact the child's parents giving details of what has happened. If the whole nursery is on an outing, all contact details will be taken on the trip by the person in charge
- During this period, staff will be continually searching for the missing child, whilst other staff maintain the safety and welfare of the remaining children
- It will be the designated person in charge or the manager's responsibility to ensure that there are adequate staff to care for the children and get them back safe, a member of staff to meet the police and someone to continue the search (this may mean contacting relief staff)
- Any incidents must be recorded in writing as soon as practicably possible including the outcome, who was lost, time identified, notification to police and findings
- In the unlikely event that the child is not found the nursery will follow the local authority and police procedure
- Ofsted must be contacted and informed of any incidents
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- In any cases with media attention staff will not speak to any media representatives
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring being reduced.

In the event of an emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a safe haven and remain there until the danger passes. Each outing will have a detailed risk assessment, which covers all these risks and is planned ahead.

Where it is safe to contact the police and registered person, contact will be made via the nursery mobile.

This could cover other issues such as extreme weather, emergency (such as an ill or injured child) etc.
